A. GENERAL RULES	1 – 7
B. CODING SECTION	8 – 20
C. RECORD LAYOUT FOR PREMIUMS	21 – 36
D. RECORD LAYOUT FOR LOSSES	37 – 44

1. SCOPE OF THE PLAN

This plan applies to policies effective on or after September 1, 1987. It applies to the various coverages under Homeowners Policies and Policies providing Fire, Extended Coverage and Other Allied Lines on dwellings, buildings and contents.

This plan is applicable to direct business written by the carrier. Necessary instructions for the recording of the captioned lines of business are given so that experience may be available in the detail required for reporting.

This plan is in loose leaf form and, as pages are revised or reprinted, all carriers will automatically receive these revised pages, which will have the changes indicated in the margins by a “*”. In the absence of supplemental instructions, revised pages are applicable to all new and renewal policies with effective dates on and after the date indicated in the lower right hand corner of the reprinted pages.

The Statistical Plan is printed in the following major divisions:

- (a) Section A - Instructions - pertaining to recording of business on carriers’ records and reporting of experience.
- (b) Section B - Codes

2. METHODS OF RECORDING AND COMPILING EXPERIENCE

This plan is designed to develop experience on a Calendar/Accident Year basis. Such experience furnishes a comparison of the incurred losses on accidents or occurrences which took place in a given 12 month period with the amounts of insurance and premiums earned in the same period.

3. RECORDING OF EXPERIENCE

Carriers may use any procedure for the recording of experience, including any type of record form convenient to their statistical or accounting procedure and any codes other than those set forth in this plan, provided only that experience can be reported by the carrier within the required time and in accordance with the requirements for the reporting of experience set forth herein. However, the adoption of the procedures outlined in this plan, together with the codes recited herein, should promote accuracy and save labor in the preparation of statistical data for the filing of experience.

4. UNIFORM METHOD OF REPORTING EXPERIENCE

Every carrier shall report its experience in accordance with instructions issued by the Texas Department of Insurance and shall use the codes set forth in this plan in making such reports of experience. Each carrier shall report its experience in the detail required, and shall forward the executed affidavit, attesting to the accuracy and completeness of all experience reports submitted, shall be filed in accordance with instructions.

5. REINSURANCE

The experience is to be reported on direct business only. Therefore, the reports of experience shall not include premiums received from or losses paid to other carriers on account of reinsurance assumed by the reporting carrier; nor shall any deductions be made by the reporting carrier for premiums ceded to or for losses recovered from other carriers on account of reinsurance ceded.

6. AMOUNTS OF INSURANCE - PREMIUMS AND LOSSES

Amounts of insurance (limits of liability) shall be shown on both premium and loss records. Amount of insurance (limits of liability) shall be recorded to the nearest thousand dollars of coverage of the original policy. Policies for amounts under \$1,500 will be recorded as 01.

For pro rata or flat cancellations, record the same amount of insurance originally recorded for the policy being canceled.

The amount of insurance to be recorded will be the amount of Coverage A on Homeowners, except on Tenants forms record the amount of insurance on Coverage B.

For dwelling policies, the amount of insurance on each dwelling and each personal property are to be recorded separately. When additional coverage such as outbuildings, TV antennas or trees and shrubs is added, the amount of insurance for the dwelling should be increased to reflect the increased liability. When outbuildings cover for different perils than the main dwelling, code as separate item. "Amount of Insurance should not be recorded for Rent insurance".

7. PREMIUMS

Premiums on direct business shall be identified as premiums written, cancellations, or as all other additional and return premium endorsements by the Record Type Codes set forth in this plan. Such premium entries shall also be identified by the other statistical codes shown in Section B of this plan.

Premiums written which are a departure from Benchmark premium should be identified by a flex factor. Example: If written premium is 15% less than the Benchmark, code 085. If written premium is 15% greater than the Benchmark, code 115. If there is not a promulgated benchmark rate, code 100. Premiums for additional coverages on outbuildings, trees and shrubs should be added to premiums of principal dwelling with all coding based on that for the principal dwelling. Premiums for additional coverage on personal property to supplement the basic personal property coverage will be added to that for the basic personal property coverage if the premiums apply to the original policy at inception. The amount of insurance will be that for the basic personal property policy.

Record premium from individual company filings of Homeowners enhancement endorsements separately from remainder of policy using Record Type 95.

8. EFFECTIVE AND EXPIRATION DATES

On premium records for new business and renewals, the effective month, day and year and expiration month and year of the policy must be shown. For cancellations (pro rata, or flat cancellation), the effective month and year of the cancellation as well as the expiration month and year of the policy being canceled shall be shown.

On loss records, accident month, day and year shall be shown in the same field as the effective date for premium entries.

9. CANCELLATIONS

For a flat cancellation (effective as of the inception date of the policy), the coding of the cancellation entry must be identical with the original entry, except for the Record Type.

For pro rata cancellations, the coding of the cancellation entry must be identical with the original entry except for the Record Type and effective month and year which shall be the effective date of the cancellation.

10. CHANGES BY ENDORSEMENT

If an endorsement effective as of inception date of the policy changes coding conditions or premium amount, the original entry should be reversed and a new corrected entry submitted. An additional and return premium endorsement effective after inception date of the policy should be coded Record Type 02 or 92 and contain the same coding as an original Record Type 01 or 91 entry.

11. LOSSES EXCLUSIVE OF LOSS ADJUSTMENT EXPENSE

Losses are to be reported net as to recoveries under salvage, subrogation, and other recoveries (not reinsurance).

Each loss entry shall be identified by the proper Kind Code and show the appropriate Accident Month, Day and Year and, except as otherwise provided, the same statistical codes that were used to record the premium entry for the coverage under which the loss was incurred. In addition, each Loss entry shall show the Number of claims, Cause of Loss, and Type of Loss Code.

Loss adjustment expenses are not to be reported.

12. NUMBER OF CLAIMS

Cases to be counted as claims shall be only those in connection with which a loss payment has been made or a loss reserve established. No case shall be counted as a claim if it involves only Loss Adjustment Expenses. A claim partly paid and partly outstanding shall be counted only once (but may be counted as either paid or outstanding). A claim on which more than one payment is made shall be counted only once.

A case involving a loss payment or the establishment of a loss reserve under several separate differently coded statistical entries shall have a claim count for each statistical entry.

Salvage, subrogation and other recoveries (not reinsurance) shall be recorded as a credit to claim count only if the recovery is the total cost of the case.

A claim closed without a loss payment shall not be counted as a claim.

13. EXCESS LOSSES (All Homeowners and Tenants Forms; Coverage C, only).

An Excess Loss is an occurrence resulting in an incurred cost to the carrier, exclusive of loss adjustment expenses, in excess of \$25,000 under Forms A and B and in excess of \$25,000 under Form C, for all Bodily Injury and Property Damage Liability claims combined under Homeowners coverages. Carriers shall maintain records of accidents involving an Excess Loss. The claims comprising each multiple-claim accident involving an excess loss shall be so identified.

14. ADJUSTMENTS

Adjustments of errors in the original coding are to be accomplished by making a reversal of the original entry and by making a new entry showing the proper codes, amounts of insurance and premiums or losses.

15. GEOGRAPHICAL DIVISIONS

The state, city and town codes must be recorded for all Homeowners, and Dwelling Policies. To obtain a current list of the Texas Place Codes, contact TDI's Residential Property statistical agent. Revisions to this list will be sent out periodically.

16. DEDUCTIBLE INSURANCE

Each premium and loss entry must be identified with the deductible type and amount codes shown in Section B or Code actual deductible amount as applicable.

17. PREMIUM SURCHARGE - CLAIMS CODE

A policy which includes a premium surcharge due to excessive claims must be identified.

18. EXPERIENCE TO BE REPORTED

It is preferable that reports of unit transactions of premiums and exposures written and a report of losses paid for each accounting month with a transmittal letter be sent to TDI monthly, within forty-five (45) days after the close of the month.

A report of unit transactions of losses outstanding as of December 31 with a transmittal letter shall be sent to TDI within forty-five (45) days after such dates.

The required reports must be submitted on magnetic tape.

Reports of experience, in required detail, summarized annually by the Texas Insurance Checking Office (TICO) and filed on behalf of their subscribers for service, meet the requirements of this plan and are acceptable with TDI.

Once a year a reconciliation will be made.

19. COMPANY NUMBER

Each reporting carrier shall identify each of its reported records by the Company Number assigned to it by the Texas Insurance Checking Office (TICO).

20. ACCOUNTING DATE

The month and year in which a transaction (other than one for an outstanding loss) was recorded on the books of the reporting carrier shall be shown. The month and year for which an outstanding loss was valued shall be shown.

21. ZIP CODE

The 5 digit ZIP Code of each risk must be reported. Report Plus 4 if available.

22. NAIC COMPANY NUMBER

The NAIC Company Number is now required and shall be entered in positions 146-150 for all records. Please note that the Company Number assigned by the Texas Insurance Checking Office (TICO) is still required in the appropriate positions.

23. STATISTICAL AGENT

The Commissioner of Insurance has designated a statistical agent for Texas residential property insurance. For all transactions on or after January 1, 1996, each company shall report its experience to the Texas Insurance Checking Office (TICO). The residential property reports which will now be reported to TICO are:

- * Dwelling, HO Premiums
- * Dwelling, HO Losses

24. TRANSMITTAL FORM

A residential property data submission transmittal form must accompany all data submitted to TICO. The transmittal form shall contain the following information:

- A. Company Name
- B. NAIC Company Code
- C. Record Count:
 - 1. Dwelling, HO Premium
 - 2. Dwelling, HO Losses
- D. Totals for Significant Fields:
 - 1. Written Premium
 - 2. Paid Losses
 - 3. Outstanding Losses
- E. Type of Reporting Medium

All reports shall be made to TICO on electronic media - - cartridge, diskette or CD. See instruction 25 for details on diskette reporting. Cartridge shall be 3480 or 3490 with a block size not greater than 32700.

- F. Record and Format Information

If reporting on cartridge, report the block length of the file. All records on cartridge will have a length of 150. If reporting on PC diskette or CD, report the format used. (See instruction 25 for details.)

- G. Each cartridge, diskette or CD submitted must be labeled with company names, NAIC code, submission date and experience reported (i.e., 1/94 residential property).

Each cartridge label must also include record length and block size, cartridge number (if multiple cartridges are submitted), and format (EBCDIC or ASCII, labeled or unlabeled.) Each diskette or CD label must also include data format, file name(s) and disk number (if multiple disks are submitted).

25. DISKETTE REPORTING

PC diskettes shall be high-density 3 1/2" with the data presented in the following format:

Fixed ASCII: Standard Data Format (SDF)

26. TEAR OUT AND REPLACEMENT OF BUILDING AND LAND COVERAGE ENDORSEMENT

Insurers shall report the use of any of the following endorsements which limit coverage for the cost of tearing out and replacing any part of the building and land necessary to access, repair or replace that part of a plumbing drain system located within or under the slab or foundation of coverage: HO-155, HO-170, TDP-054, and TDP-055. For all policies effective on or after October 1, 1996, all Dwelling, and HO premium and loss records shall contain a one-position numeric code in position 143 using one of the following codes:

Code	Instruction
1	Endorsement is attached to this policy.
2	Endorsement is not attached to this policy.

For all records with code 1 in position 143, positions 144-145 shall contain a two-digit numeric code indicating the amount of the credit associated with the endorsement reported as the percentage discount. Report a 20% discount as 20. Report no discount as 00. For the HO-170 endorsement, report 98.

Do not report this endorsement code or the discount amount as Individual Optional Credits in positions 46-47 or 80-82.

27. TENURE DISCOUNTS

Some insurers offer a discount based upon the insured's tenure with the company. Tenure is defined as the number of years previously insured with the insurer at the time the policy is issued or renewed. Insurers offering any tenure discount shall report a one-digit numeric Tenure Code in position 140 for all premium transactions, including those which do not qualify for the tenure discount, according to the table below. The amount shall be reported in positions 141-142 as a two-digit numeric code indicating the percentage discount. Report a 10% discount as 10. Report a 5% discount as 05. Report no discount as 00.

Tenure with Insurer	Tenure Code
0 years	0
1 year	1
2 years	2
3 years	3
4 years	4
5 years	5
6 or more years	6

Do not report the tenure discount code or tenure discount amount as Individual Optional Credits in positions 46-47 or 80-82.

* For the Seacoast Territories (1, 8, 9, 10 and 11), Code 1 is \$100 Deductible on Wind, Hurricane and Hail -- Full Coverage on other Extended Coverage Perils.

** Code 7 applies in territories 8, 9, 10 and La Porte, Morgan's Point, Pasadena, Seabrook, Shore Acres in territory 1 in the Catastrophe Area only, subject to Wind Exclusion Endorsement.

10. DEDUCTIBLE TYPE OR AMOUNT – Cont.

1. The Deductible Code should be based on the coverage applicable to major buildings, personal property risks being reported, and should not be affected by coverage or deductible applicable to the TV antennas, signs, fences or other miscellaneous properties.
2. When more than one Deductible Code applies to the entry being coded, the code reported shall be based on the coverage applicable to the principal building or principal personal property item included in the record.
3. For the Extended Coverage, the Deductible Code should be based on Deductible applicable to the Wind and Hail Coverage.
4. For the “All Other Perils” Sublines, when a deductible does not apply to all perils included in the entry or when different deductibles apply to different perils, the Deductible Code should be determined by the coverage having the largest amount of insurance or largest premium, taken in that order.

NOTE:

Watercraft losses covered under basic policy (i.e. where total Horsepower on Outboard motors is less than or equal to 25 Horsepower, or Sailboats less than 26 feet in length) should be coded 1.

The cause of loss code should reflect the original and proximate cause of loss and not any ensuing causes. For example, if a tornado damages the roof of a building and rain subsequently enters the building through the roof causing further damage, all losses shall be coded as “windstorm” and not water damage. Similarly, if cold weather causes a pipe to freeze which then bursts and causes damage, all losses shall be coded as “freeze”. Fire from an internal source included fire caused by electrical malfunction, kitchen fire, etc. Fire from an external source includes fire from lightning strikes, fire from other buildings, embers, etc.
